6. Equipment Needed: Fishing rods, Tackle Packs, canopy tents, big glove boxing ring, sumo suits, volley ball nets, soccer goals, footballs, volleyballs, soccer balls, frisbees, balls & gloves	
7. Staffing Requirements: 15 MWR reps to man the fish call

10. Explain Event Execution: See attached.	
11. Winners of Event: OS3 won the 5K in 18:53	
12. Prizes or Awards: No prizes for this steel beach picnic	
13. Lessons Learned: Try to find a better stand for the tennis net and volley ball net, because they won't stand up on their own. We had to tie them down to the pad eyes on the flight deck, but it looked cheap and it was fairly wobbly. We had lots of requests for street hockey sticks and goals - looking into purchasing them. Get our Basketball hoops back on board. Keep pushing the MWR reps to lead activities.	
14. Any Additional Information? :	

10. Explain Event Execution

Supply tells the ship when they would like to cook the hamburgers and special BBQ meals. If we can fit it into the schedule, we usually always do them on a Sunday. I wasn't expecting a steel beach picnic on a 18 day underway, but we had one.

I planned a fish call from the stern gate of the ship. This is significant because folding the stern gate down to fish takes lots of coordinating between the deck department and the auxiliary engineers. The situation presented itself to be at anchor and on a Sunday Holiday routine. Fishing from the stern gate allows us to be only inches off the water, rather than off the fan tail or elevator, which is way too high to even make it worth fishing. Fish call commenced at 0700 and lasted until 0930. Two of the MWR reps who are expert fisherman assisted the crew as they walked down the well deck and onto the stern gate which was sitting at a 10 degree angle off the water. I provided 12 fishing poles and tackle for the crew. MWR reps rigged each rod for bottom fishing with a weight and a dropper hook above the weight.

The fish call lasted 2 hours and I was the first one to catch a small croaker off the bottom.

The ship was anchored about 2 miles off Coronado in sandy bottom conditions.

The next event on the steel beach schedule was the 5K run beginning at 0800. Our 5K runs are always well attended because we make them as similar to an official run as possible - like you would find out in town. We have music playing, we offer free water and we give everyone a finishing time and place. 10 laps around the flight deck perimeter is 5K.

After the 5K run, we moved into the traditional steel beach games like sumo wrestling, Big Glove Boxing and Sports.

I set up the soccer goals, the tennis fence, the volleyball net and also a checkout tent and canopy where sailors could checkout tennis rackets, balls, or other equipment.

RECREATION COMMAND WIDE / THEME EVENTS STEEL BEACH—USS DWIGHT D. EISENHOWER

IKE—28 Nov 2016 OIR Steel Beach Picnic

Background:

Steel Beach Picnics are fairly commonplace during a deployment. It gives the crew a chance to relax and recover in the midst of a deployment. During the 2016 OIR Campaign, the USS Dwight D. Eisenhower had two Steel Beach Picnics. Some ships have them as often as monthly. The purpose of this AAR is to lay out a foundation for hosting a Steel Beach Picnic, as we improved our event from the first to the second Steel Beach.

The event is set up to be a beach BBQ type of atmosphere typically held on the flight deck. While our first Steel Beach was confined to the Hangar Bay, the Second Steel Beach allowed us to spread out onto the Flight Deck. It is recommended that some Steel Beach Supplies such as inflatable kiddie pools, water guns, etc are brought on board prior to deployment. Having arrived 1+ months into deployment without any of those items onboard nor ability to easily acquire them, we made due with what we already had onboard.

Event Time and Location:

28 Nov 2016 1100 – 1700

Hangar Bay and Flight Deck of The USS Dwight D. Eisenhower

Event Team:

Fun Boss & MWR Sailors, SUPPLY, Chief's Mess, FCPOA

Participants:

There were over 3000 participants in our 2nd Steel Beach of Deployment. The cooler temperatures and expansion onto the flight deck resulted in a better and consistently attended event.

Distinguished Guests:

Distinguished guests who attended this event included RADM, CO, CAG, XO, DCAG, CMC, and CAG CMC.

Menu:

The First Class Petty Officer's Association and Chief's Mess worked the grills for the event. The menu included:

- Grilled Hamburgers
- Grilled Hot Dogs
- Pasta Salad
- Baked Beans
- Assorted Chips
- Assorted Cookies
- Soda
- Bottled Spring Water

RECREATION COMMAND WIDE / THEME EVENTS

STEEL BEACH—USS DWIGHT D. EISENHOWER

Entertainment:

We were able to roll multiple large MWR events into the Steel Beach Picnic. We had the finalists for the IKE singing competition perform, had the largest Ike Strength Fest, and a Volleyball Tournament all incorporated into the larger Steel Beach. Other activities included:

- DJ
- Hitting Golf Balls off the Flight Deck
- Ladder Golf
- Cornhole
- Kan Jam
- Sumo Suits
- Bouncy Boxing
- Joust

Suggestions:

Recommend that Steel Beach Supplies are included in the pack up for deployment. Supplies such as kiddie pools, water guns, perhaps an inflatable slip & Slide would have been great additions.

RECREATION COMMAND WIDE / THEME EVENTS

CASINO NIGHT—USS CARL VINSON

Event Explanation from Fun Boss:

I did this event with all the chips being a different color but found out life is way easier for us that all chips were 1 POINT except for the black chips which were 10 POINTS. When sailors wanted to play roulette they had to exchange their chips for chips with dots around them. In the game of Roulette you can make bets all over the board and it can be difficult to keep track. To combat this, sailors exchange their chips at that table for single colored chips (black, blue, green, red, or white) that they can place all over the board and the dealer knows who to make the payouts to. Sailors exchange their chips when they leave the table.

For prizes we used a points system (15 POINTS = a shirt, 30 POINTS = a water bottle etc). Even those who didn't know how to play could just exchange their chips back in and get a prize. The next time we do this event we are going to give out custom shirts. 1 per person as long as they have 30 POINTS, in order to get through the line quicker at the end of the night.

This event relies heavily on volunteers who know how to deal. Those who don't know how to deal are still very helpful in passing out chips, helping with prize redemption, and retrieving/distributing chips to dealers.
